

Warranty and Service – NORTH AMERICA

The manufacturer's warranty period is 6 months.

This warranty covers any defect in material or faulty production, specifically excluding batteries, tips, and tubes. Any and all warranties are invalidated if the Simply Tweak instrument has been tampered with or altered in any way, if the serial number has been altered or removed, or if any repairs have been made without authorization. The manufacturer reserves the right to repair or replace the instrument or any defective part, at manufacturer's expense, within the limits of the warranty.

This warranty does not include a promise of specific listening improvement.

Warranty service must only be performed by an authorized service center. Service performed by any unauthorized personnel voids all warranties. If service is needed, call 1-888-815-3240.
